REISS

Welcome to a hotel with history!

Walking through the doors of Hôtel Reisen doesn't take you back in time, you merely stroll through the memoirs of an eclectic, flamboyant past.

This building's foundation dates back to 1617 — a time when Gustavus Adolphus the Great was the King of Sweden and the world had just invented telescopes and steam turbines.

The name originates from the Dutchman Fredrik Reiss who ran a semi-legal coffeehouse in the 1750s. It has also been used as storehouse, drinking den and as an epicentre for some of the most prominent poets in European history.

Here, Carl Michael Bellman recited "Drink out thy glass!" while entertaining ladies of the night. Fritiof Nilsson Piraten used room 705 and six half-bottles of Château Margaux to put an end to his writer's block. The Russian-American Nobel Prize winner, Joseph Brodsky, locked himself in a corner room, drafting poems to make cracks in the Soviet Empire.

The list is as long as their nights were.

In Scandinavian terms, the word Reisen means 'the journey' which we believe is the perfect, welcoming metaphor for the Hôtel Reisen guest experience.

Use our flamboyant past to create some decadent stories of your own.
