

# WINE TASTING

We have a predominantly American wine cellar. We have wines from all over America, but mainly from Oregon. Our kitchen focuses on the combination of our Swedish West Coast and the American East Coast. Our wine list ambition is to make a full circle. We can proudly say that we have the largest selection of Oregon wines..... outside of Oregon of course.

Choose a favorite wine tasting theme, grab at least six friends who like wine and let our wonderful sommelier Mattia guide you through the fantastic world of wine. During the wine tasting, cheese and charcuterie with accommodations will be served.

## West Coast vs. Old World

Compare wines from Oregon's Willamette Valley and Napa Valley in the USA with wines from classic European regions like Burgundy in France and Tuscany in Italy. This tasting will highlight the differences in terroir, winemaking and grape varieties between the New and the Old World.

## Pinot Noir Showcase

Focus exclusively on Pinot Noir wines from different regions. Include Pinot Noirs from Oregon's Willamette Valley, Napa Valley, Burgundy in France, and Northern Italy. We will explore how the same grape expresses itself differently in various terroirs.
